LOWDHAM C of E PRIMARY

Life at Lowdham

The news and happenings at Lowdham CofE Primary School.

Friday 13th March 2026

Issue: 9.7

Dear Parents and Carers,

It's been a short but busy second half of the Spring Term. The weather is starting to brighten up and the days are beginning to feel a little longer. I have been so impressed with the focus on learning shown by the children over the past few weeks. Class 6 have been working especially hard and have been attending their booster classes in preparation for the SATs in early May.

Last week we had an amazing Book Week, celebrating and promoting our love for reading and the joy of books. Thank you to Mrs Greaves for organising the week's activities and to all the children who dressed up for World Book Day! Also, well done to those children who created their 'Story in a Jar' and brought them into school for all to enjoy. The winning jars from each class are currently being displayed in the window of The Book Case bookshop in the village.

Another big thank you goes to Miss Houghton for leading this year's British Science Week. She launched the week with an amazing collective worship, demonstrating lots of weird and wonderful experiments. She explained that the theme for this year was "**Curiosity: What's Your Question?**" This theme highlights the importance of curiosity in science, encouraging children and adults to explore the world around them through inquiry. Yesterday, we welcomed Professor Daval from Sublime Science, who led a whole school assembly and exciting workshops for each class. The children were fascinated by the experiments and had a fantastic time learning about science in such an engaging and hands-on way. A huge thank you to the Friends of Lowdham School for generously funding this event and helping to make this memorable learning experience possible for all of our pupils.

There is still lots to look forward to over the next two weeks before the end of term. Next week, Class 3 and Class 4 will be dazzling us with their performances of **Roald Dahl's Goldilocks and the Three Bears**. On the last Thursday before we break up, we will hold our Easter Service at 2pm in the school hall. This very special event in the Christian calendar is an opportunity to gather together as a school community. Please join us as we retell the events that led up to Jesus' crucifixion, death and resurrection through worship, singing, readings and prayer. We hope to see many of you there.

Please see the important dates on the back of this newsletter for other end-of-term events and continue to check Class Dojo for regular updates.

Wishing you all a lovely weekend,

Mr Jones

This half term's 'Heart Smart High Five' is "Don't Hold On to What's Wrong!" We have been thinking about forgiveness and how we can choose

forgiveness, for ourselves and our friends. Speak to your children at home about the work they have been completing in class.

Heart Smart Key Q: Do I understand how to process negative emotion, and do I choose forgiveness to restore relationships?

Prayers from our Leading Lights Worship Leaders

Dear God,

P-We **PRAISE** you for your beautiful creation that you have made for us

A-We **ASK** you to help us to follow our HeartSmart value of 'Don't Hold onto What's Wrong'.

S-We are **SORRY** for being disrespectful or rude to others.

T-We **THANK** you for peace and safety in our country.

A- We are grateful for an amazing British Science Week in school and we pray that everyone has a great weekend.

AMEN
